

Memo

To	DIRECTOR OF LEGAL AND DEMOCRATIC SERVICES	Your Ref	
From	TRAFFIC ENGINEER – PAUL WOTTON	Our Ref	PFW/160
		Ext	4329
		Date	19 April 2016
Subject	TOWN POLICE CLAUSES ACT, 1847 PROPOSED CLOSURE OF VARIOUS STREETS FOR SADDLEWORTH WHIT WALKS 2016		

Could you please arrange for a temporary closure order to be made under the above named Act in respect of Friday 20 May 2016 for the purpose of the annual whit walk processions and services in Saddleworth in accordance with the schedule below.

The extent of road closures and indeed the procession routes remain the same as in previous years. The principles employed on the day will continue to be those of closing individual roads for as short a time as possible such that the minimum number of roads are closed at any one time.

As far as is reasonably practicable the principle of a 'rolling roadblock' will be employed. For the avoidance of doubt, the Greenfield, Denshaw and Delph Walks each operate on a self-contained basis.

As in previous years, the Diggle, Dobcross, Uppermil (x2) and Friezland Walks operate on the principle of converging processions from both north and south along High Street Uppermill whose destination is the Park in Uppermill. At their convergence within the Park, High Street Uppermill will reopen to traffic. It will not close again until their departure. The closures will be released as the processions diverge back to towards their original starting points.

The Delph Walk alternates between odd and even years within the village. The change has negligible effect upon through traffic routes.

SCHEDULE

Highway to be Closed

Between the hours of 0900 and 1230

Greenfield

Chew Valley Road A669 between Wellington Road and Manchester Road A635

Manchester Road between Chew Valley Road A669 and Well-i-Hole Road B6175
